

Oakwood Junior School

Every Child is a Learner and Can Achieve

Number Skills

- Count forwards and backwards in 1s, 2s, 5s, and 10s up to 100
- Recognise odd and even numbers
- Understand place value in 2-digit numbers (e.g., $47 = 40 + 7$)
- Know number bonds to 10 and 20 (e.g., $7 + 3 = 10$)
- Add and subtract numbers up to 100 using mental strategies
- Begin to understand multiplication as repeated addition
- Recall times tables for 2, 5, and 10 confidently
- Begin learning 3 and 4 times tables

Calculation Confidence

- Use number lines or objects to solve problems
- Understand and use the symbols $+$, $-$, \times , \div
- Estimate answers and check with a different method
- Solve simple word problems using addition and subtraction

Time & Measurement

- Tell the time to the nearest 5 minutes on an analogue clock
- Know days of the week and months of the year
- Understand and use terms like 'earlier' and 'later'
- Compare and measure length, weight, and capacity using standard units (cm, g, ml)

Shapes & Patterns

- Recognise and name 2D shapes (square, triangle, circle, rectangle)
- Recognise and name 3D shapes (cube, sphere, cylinder, cone)
- Identify lines of symmetry in simple shapes
- Spot and continue simple patterns

Data & Reasoning

- Read simple pictograms and bar charts

Oakwood Junior School

Every Child is a Learner and Can Achieve

- Sort objects into groups based on a rule
- Explain how they solved a problem or why an answer makes sense
- Try different ways to solve a tricky problem
